# Add the designer touch **to your home**

Add the designer touch to any room with the soft fabric folds of ROMAN BLINDS.

ROMANS provide a contemporary look and feel with a large range of translucent, light filtering fabrics in fashionable tones and textures, and block out fabrics for greater light and privacy control.

Choose from 'extruded aluminium' battens for that traditional ROMAN look or feature stylish 'timber battens' in woodgrain or painted finishes.

Operating options include the traditional 'corded system' tied off to a cleat; the 'cord lock' system or the continuous 'chain drive' system which removes the cords.

A cord tensioning device is installed with each ROMAN BLIND to ensure your child's safety.
