

timberline

Elegant good looks

Timberline folding doors combine elegant good looks with exceptional space saving benefits. A Timberline door will bring lasting pleasure to the person who wants something better than average.

Quality features

Timberline quality features include strong 12mm thick panels, wheeled trolleys for smooth operation, positive latch and automatic hold open system. All backed by a 12 month warranty and all proudly Australian made.

Made to measure

Timberline is made to measure to be a perfect fit, up to 3.6m high and almost any width. Panels are 110mm wide for doors up to 2.1 metres high and 170mm for taller doors. All Windows panels are 170mm wide.

Choice of finishes

Timberline comes in a wide choice of finishes including luxury vinyl laminates (in pastels and wood grains), real timber veneers, translucent Windows (white only) and ready to paint panels. Special finishes can be provided to order.

Designed with style

All **Timberline** doors have a clean, modern look and feature colour co-ordinated hinges and matching head moulds around the track.

Commercial projects

Timberline doors are ideal for commercial projects, providing flexible use of space in offices, schools, clubs etc. For effective sound proofing acoustic doors are also available.
